

Otfim BeChesed: Inaugural Newsletter

Number 2 | Nissan – Elul [April – September 2025]

Strengthening Communities. Supporting Lives.

A Message from the Director

Over the past months, as our communities continue to face complex challenges, we at Otfim BeChesed have remained committed to one simple yet powerful mission: to be there where help is needed most.

From supporting soldiers on the front lines, to assisting families in need, to strengthening community resilience—our work is driven by responsibility, partnership, and care.

This newsletter highlights some of our recent activity and impact.

Sincerely,
Uriel Nachum
Director, Otfim BeChesed

Passover Support – Restoring Dignity at the Holiday Table

Thanks to our donors and partners, dozens of families were able to sit at a dignified Seder night table. For families struggling financially, this support meant more than food—it meant the ability to celebrate with dignity and hope.

Independence Day – Standing with Our Soldiers

Meals were delivered to soldiers in active deployment areas near the Gaza border. Each distribution carried a clear message of gratitude from home, reminding soldiers that their service is deeply valued and appreciated.

Emergency Relief – Supporting Families in Crisis

When families lost their homes due to missile strikes, immediate humanitarian support made a critical difference. Care packages and essential supplies helped restore a sense of stability during chaos and displacement.

Community Gemachim – Strengthening Daily Life

Our lending services provided essential tools and event equipment, enabling families to maintain their homes, host celebrations, and preserve independence and dignity within their communities

Shavuot – Supporting Our Soldiers

Soldiers returning from operational activity were provided with refreshments and care packages as a simple but meaningful gesture of appreciation and encouragement.
